

## CORE COMPETENCIES

Vinsys Information Technology Inc. Corporation (Vinsys) is a Minority Owned Small Business SBA 8(a), Women Owned HUBZone and Veteran Disabled Business and GSA IT 70 Schedule built on corporate confidence and Integrity. Vinsys is ISO 9001:2015 with over 17 years of experience providing IT services and solutions to Federal, State, Local government agencies and commercial clients

Our integrated and innovative solutions are operating in Federal on-premises, hybrid and cloud environments providing critical functionality in support of our nation's defense and civilian infrastructures. Our systems and applications architecture solutions are complex yet mature and flexible providing our war fighters with the ability to evolve with minimal or no disruption. Our applications development team incorporates the latest, streamlined and secure coding practices providing rapid development in compliance with SAFe framework. and Devops practices.

Leveraging over 17 years of experience, we are experts at delivering custom software solutions and commercial off-the-shelf (COTS) products. We have a pool/bench of highly qualified, experienced and certified resources on product families from Microsoft, Oracle, IBM, MicroFocus, VMware and Salesforce etc.

Our cybersecurity solutions are assessed and authorized to operate at all FISMA severity levels and in secure Government Cloud environments.

We design, develop, and deploy software solutions based on an agency's specific requirements. There is no need for an agency to compromise its objectives because of a program's shortcomings or constraints — we make software work for you.
